

Tan-Smart

Form a „Tan-Smart“ group with your friends and rotate the Tanning Parties amongst yourselves. That way everyone gets the chance to get a FREE tan! Since most people have a tan every 2 weeks – it's a great way to catch up with your friends and stay beautifully tanned all year long!

For long lasting, quality results

You can expect your Airbrush Tan to last from 8-10 days depending on your skin type and providing you follow the BEFORE & AFTER tanning guidelines. Your host/hostess will give you the guidelines prior to the Tanning Party.

LET'S HAVE A TANNING PARTY!

THE COLOUR OF
Desire
HEALTHY • VIBRANT • ALIVE

The faster, healthier alternative

LuxTan gives you an amazingly natural looking tan, that is comparable or even superior to the results you would achieve from sun or solarium exposure. It's the sunless tanning alternative, offering you a perfect coverage for a fast, vibrant tan every time. Available for all skin tones and types.

A different kind of party!

Thinking of throwing a party for your friends but you're tired of lingerie, make-up, candle and/or kitchenware parties? Looking for something fun and different? Then it's time for an Airbrush Tanning Party!

Just invite some friends and relax while we give each of you an amazing tan – applied by our Airbrush Tanning Specialist. It's great fun and at the end of the evening everyone looks like they just returned from holidays!

How does it work?

Hosting a Airbrush Tanning Party couldn't be easier! We'll come to your home and set up a portable tanning tent that easily sets up anywhere and leaves no mess. All we need is an electric outlet and some light.

All you need to do is invite some friends. Have some drinks, finger food and nice music to set the mood for a fun filled and enjoyable evening! While you and your friends catch up

in one room, the Airbrush Tanning Session will be carried out in another room so you don't have to „bare all“ in front of your friends.

What to wear?

- During: We recommend wearing a dark bathing suit or dark underwear during your Tanning Session.
- After: It's best to wear dark, loose fitting clothes after your Tanning Session.
